

THE ANTI-DISTRACTED DRIVING PLEDGE

By signing this pledge, I, of the _____ family, hereby agree to never partake in any activity that would take my focus and care away from the road while I am operating the vehicle. This includes, but is not limited to, behaviors such as:

- Texting while driving
- Talking while driving
- Eating while driving
- Changing songs/podcasts while driving
- Putting on makeup/brushing my hair while driving
- Arguing while driving
- Taking selfies while driving
-

(Feel free to add your own!)

I know my family loves me very much and it would make them sad to see me hurt. I love them very much so I will not break the law by getting distracted by driving, which could result in me getting injured, my friends getting injured, wrecking or totalling the car, or causing some other wrongdoing to an innocent bystander.

I pledge myself to practice safe driving, checking both sides when pulling out into traffic, and to leaving my phone in my bag/purse/pant pocket until I arrive successfully at my destination.
